## A MARSHMALLOW WORLD

1. mannen            It's a marshmallow world in the winter  
                          When the snow comes to cover the ground  
                          It's a time for play it's a whipped cream day  
                          I wait for it the whole year round.

2. alt                    Those are marshmallow clouds being friendly  
                          In the arms of the evergreen trees  
                          And the sun is red like a pumpkin head  
                          It's shining so your nose won't freeze

Allen (eenstemmig, sopraanpartij)

The world is a snowball,  
see how it grows.

*dames*                    That's how it goes.

*mannen*                Whenever it snows.

*allen*                    The world is a snowball, just for a song,

### *Verder eenstemmig*

Mannen        When we finally kiss goodnight  
                  How I hate going out in the storm  
S+ A            But if you really hold me tight  
Allen            All the way home I'll be warm.

S + A *ook eenstemmig!* The fire is slowly dying  
                  and my dear we're still goodbyeing,  
mannen        but as long as you love me so  
allen            Let it snow, let it snow, let it snow!
